Online. Self-paced. With mentor. Topics include Ethical Hacking, Digital Forensics, Penetration Testing, Network Security, Linux Security, Comptia and EC-Council modules.

100% Online Education - Our distance learning program is as flexible as possible – you can study anytime, anywhere. All you need is an internet connection and any device (computer, tablet or mobile phone).

No Deadlines - You are not attached to any group or classmates, so you can study at your own pace, and finish your course in 3-6 months or in full 2 years, whichever suits you more, and receive your degree.

Low Requirements - We don't require any professional experience, because we believe that a smart person can easily adapt in a company with knowledge received from skilled professionals.

Practice Orientation - Our courses are practice-oriented which allows you to apply acquired skills in real work situations during your studies. We integrate numerous industry experts in our program.

ITSP Curriculum - 6 Trimester Topics Coverage:

1st Trimester

IT Security Fundamentals
Secured Computer User
